

Litter Picking Report 22 November 2020

Thanks so much to everyone who got involved with the parish litter pick on Sunday 22nd November. It was a fantastic team effort and we had around 45 people involved, collecting a mountain of rubbish including tyres, car parts, cabinets, oil drums and a toilet as well as hundreds of cans, bottles and other items of general litter.

It was great to see so many people out getting involved and we can all feel very happy that the Parish is looking a lot cleaner and cared for today! Thank you everyone.
